N-SUB

Enemy ahead!

Sink the enemy fleet that attacks with missiles, torpedoes and depthbombs.
Beware of the "loop attack" by the enemy destroyers.
A thrilling battle in sparkling cobalt blue waters against enemy surface ships and submarines.

PLAY INSTRUCTIONS

- ★ Maneuver the "N-Sub" with the control lever and sink the enemy fleet with torpedo fire. Torpedoes can be fired vertically or horizontally by means of two separate FIRE buttons and 3 torpedoes can be fired in rapid succession by keeping the button depressed.
- ★ The enemy ships attack the N-Sub with missiles, torpedoes and depthbombs.
- ★ One round is over after the attack by the enemy fleet of 12 ships (No. 1 Fleet Black, No. 2 Fleet Blue) and the loop attack by the enemy destroyer. Enemy attack gains in ferocity with each new round.
- ★ Bonus points awarded if the fleet of 12 ships and the destroyer are destroyed.
